U5-U9 PRIDE SC Juniors Skills Development Program
SPRING 2021

Pride Soccer Club ("PSC") is excited to once again offer the U5-U9 Spring Juniors Skills Development Program! This program is intended for players who desire additional training and skill development opportunities in the game of soccer. The ideal participant loves the game and wants exposure to higher level coaching. Our Juniors program is open to any player of any experience level and to players of any recreational league, club affiliation, or those who have not played organized soccer before. Each training session will focus on improving the individual players' skill and technique and will be led by a licensed PSC coach. The program is open to both boys and girls. Players will learn activities they can take home and practice on their own. Particular importance will be placed on individual skill development and maximizing total touches on the ball. Training topics will include: dribbling, juggling, 1v1 attacking, 1v1 defending, striking, agility, and tactical awareness. Each participant will receive a PSC training shirt.

U5-U6 sessions will be held on Monday evenings, and U7-U9 sessions will be held on Thursday evenings.

COVID-19: Our Juniors Skills Development program will follow all guidelines provided by local, state, and national government, as well as US Soccer and the Ohio South Youth Soccer Association, to ensure all of our players can participate in the safest environment possible. If governmental guidelines or policies would not allow us to conduct the program, all registered participants will receive a prorated refund.

Cost: $30 for six sessions
Includes: Six 60 minute training sessions with a PSC coaching staff member and a PSC training shirt

U5-U6 Sessions: Mondays (7:00pm – 8:00pm) – 4/12, 4/19, 4/26, 5/3, 5/10, 5/17
